Description

An attractive 18th century "country" oak and elm DELFT RACK of good warm colour and in excellent condition. These wall-hanging shelves are hard to find ~ this example has three long shelves with rails (presumably to stop plates falling off!) flanked by four small shelves to either side all with shaped friezes. The solid cornice features a pretty upper frieze, carved with "Vitruvian" scrollwork and it measures 54ins wide and 44 ins high (137 x 112cms).
