Price

Sold**Item Reference: SA506363****Date of manufacture: 1910**

Dimensions

Height = 17 cm (6.7")

Width = 37 cm (14.6")

Depth = 8 cm (3.1")

Description

FINE early 1900's NORRIS of LONDON 14 1/2" long patent adjustable panel plane. Dovetailed steel construction with gunmetal lever cap, 1913 patented blade adjuster and beautiful rosewood infill. The plane retains its original Norris thick parallel iron which is just over half length. The condition is very good for such an early adjustable example. These early patent adjustable Norris panel planes are getting very hard to find now in good condition and this is a cracker. SIZE; 14 1/2" long by 3" wide CIRCA; 1910
