

SA506482

A 1920s Craven full hunter pocket watch.

Price

Sold

Item Reference: SA506482

Date of manufacture: 1920

Description

A 1920s Craven full hunter pocket watch. The watch has a stem-winding movement which is working nicely. The nicely jewelled movement is signed Craven, Swiss made and it is protected by an inner hinged cover. The watch measures 50.6mm diameter excluding the winding stem and the loop. The case is gold plated and is the Star Model made by the Dennison Watch Case Company. The case has light surface marking from use and mild bruising to the front and back covers. The winding crown pushes in open the front cover. Inside there is a acrylic lens... originally the watch would have had a glass lens but these were often replaced with acrylic as it was a much more durable material. The dial has a couple of faint hairline cracks but otherwise it is in nice condition. The watch has its original blued steel hands. The watch will be sent in a new presentation box. Price includes worldwide postage.
