Sold

Item Reference: SA506511

Date of manufacture: 1900

Description

Antique 1902 Waltham full hunter pocket watch. The watch has a stem-winding movement, a good quality grade 620 with starwheel regulator, which is working nicely. The movement is fully signed and the serial number dates it back to 1902. The movement is protected by an inner hinged cover. The watch itself measures 50.6mm diameter excluding the winding stem and the loop. The case is gold plated and is the Star model made by the Dennison Watch Case Company. The case has light wear to the bottom by the hinges from use and some bruising /marking. but overall it is in nice condition for a 1900s piece. The winding crown pushes in to open the front cover. Inside there is a plastic lens which is in good condition. The signed white enamel dial has a faint hairline crack between the sub second dial and 7 o'clock but otherwise it is in nice condition. The watch has blued steel hands. The watch will be sent in a new presentation box. Price includes worldwide postage.
