Description

A gents Smiths De Luxe wrist watch, circa 1960, made in England, in lovely condition. The watch has a hand-winding movement, a 27 CS, which is working nicely. The watch itself measures 33.5mm diameter excluding the winding crown and the lugs. The case is gold plated and has a stainless steel screw-on case back. It is in good condition with just light surface marks, nothing detrimental at all. The case back states that the watch is waterproof but, as with any vintage watch, it should be kept away from water. The lens is in good condition. The signed dial is in beautiful condition with original hands, centre seconds with red pointer end and outer minute markers. A new leather strap has been fitted. The watch will be sent in a new presentation box. Free worldwide shipping
