Price

Sold**Item Reference: SA507438****Date of manufacture: 1920**

Dimensions

Height = 60 cm (23.6")

Width = 16 cm (6.3")

Depth = 16 cm (6.3")

Description

A tall, Circa 1910-1930 very heavy, and top quality silver plated column lamp in good condition without any signs of damage. It has been rewired to UK specifications using flex cable. The photographs show tinges of colour around the lamp but this is reflection of light from the camera - the photographs do not do the lamp justice. It measures 60cm in height in total, with the maximum dimensions around the lion's claw feet of 16cm square. The plinth itself is approximately 15cm high by 9.5cm square and it still has the original weighted base. The silver plating could have been redone 5-8 years ago as it is in very good condition. Postage and packing within the UK mainland only is included in the price and for outside areas or abroad, please contact us for a quote for delivery.

Internal Ref: 1401
