Description

A stunning little magnifying glass with a pistol shaped handle with faux bamboo decoration with a good quality screwed construction attaching it to the framed glass. The frame surrounding the glass is made from silver plate marked "German Silver", this was another name given to EPNS or Electro-Plated Nickel Silver, not German in origin. The handle is made from English sterling silver with a full hallmark for Birmingham 1906, making this a true Edwardian example and made by the well renowned silversmith, Adie and Lovekin Ltd., famed for the their novelty silver items. Excellent condition with a good clear lens with a good magnification; 6" in length with a glass having a diameter measuring 2 1/2".
