Description

This is the Rolls Royce of antique reading tables & it's in excellent original condition. It's also rare to find one with two adjustable tables. Take a good look at all the images, especially the ones of the underneath mechanisms. The frame is wrought iron & you can see the makers patent marks in the images. The two separate solid oak table tops are both adjustable & tilt with ledges to stop items falling off. The shaped base has a generous spread & sits on the original casters. I would say it's Victorian, but some expert could probably date it exactly by the letters & numbers on the rough iron. Width - 27.5", 70 cm Depth - 15.4", 39 cm Height - 36.6", 93 cm - 165 cm
