## Antique fusee pocket watch by Johnson, Sheffield

Price

**Sold****Item Reference: SA510652****Date of manufacture: 1890**

## Description

Antique fusee pocket watch by Johnson, Sheffield, with silver albert. The watch has a fusee (chain driven) movement which is working nicely. The movement is signed Johnson, 12 Campo Lane, Sheffield, and it is protected by a fitted inner cover. The watch measures 50mm diameter excluding the stem and the loop. The case is silver and there are hallmarks inside for London 1865 together with a case maker's mark for James Neal, a Coventry based case maker. The case is in good condition for its age with just some surface marking, but nothing too detrimental, and rubbing to the engine turned detail. There is a vacant cartouche to the back of the watch. The watch glass is in good condition. The off-white dial is in good condition. The watch comes on a late Victorian silver albert, 36cm long including the T-bar and the clasp. There is also a silver fob with a raised shield coated in a rose gold wash. The back of the fob has an address in Splott, Cardiff. The watch and chain will be sent in a new presentation box.
