

SA511031

A 1920s silver Waltham pocket watch & chain.

Price

Sold

Item Reference: SA511031

Date of manufacture: 1920

Description

A 1920s silver Waltham pocket watch & chain. The watch has a stem-winding movement which is working well. It is fully signed and the serial number 26074068 which dates it back to 1926. The movement is protected by an inner hinged cover. The watch itself measures 48.8mm diameter excluding the winding stem and the loop. The case is silver and there are hallmarks inside both case backs for Birmingham 1927 with a maker's mark for Aaron Dennison who was heavily involved in Waltham before emigrating to the UK to set up a watch case manufacturing company. The case has light surface marking from use but overall it is in nice condition for a 1920s piece. The glass lens is in nice condition with only the odd minor mark from use. The white enamel dial is signed Waltham, U.S.A. and has a tiny nibble to the center hole although hardly noticeable but otherwise it is in nice condition. The watch has its original blued steel hands. The chain has a vintage silver fob which is stamped sterling. Each of the chain measures 24 cm including the T bar and clasp. The chain weighs 34 grams. The watch will be sent in a new presentation box. Price includes worldwide postage.
