Description

This four door mahogany bookcase is certainly a handsome fellow. We have done no work to this as yet and it is sitting in our warehouse. It is in need of some minor repairs and a really good clean, it will be superb when this work is done. It has the rather appealing rounded corner and the original glass is all in place. The shelves are adjustable and can be fitted in your own position choice. Lots and lots of space for your office or library / study. The doors have a arched top with good graining and a raised panel in each lower one. The width of the base is 242 but the measurement shown below is on the cornice. For sale at £3400 with all the repairs done or could go at the trade price of £2700 as it is, with collection from Knutsford.
