Description

This is probably one of the best quality Art Deco decanters sets we've managed to find in a long while. The decanter itself is a beast in weight and stands a proud 30 cm in height, that's a foot tall! comes with six matching glasses, the whole being heavily enameled with geometric decoration. The colour is a dark-ish lilac and the condition is great with just minor signs of age, some clouding in the base of the decanter and odd little marks here and there but no damage, all are free from chips, nibbles etc. This set oozes quality and we know the new lucky owner will be nothing less than absolutely delighted with it. Good size glasses for modern day use.
