Description

A vintage 1930s Tempo pocket watch with chain. The watch has a stem-winding movement which is ticking away nicely and the time keeping is good. The watch measures 46mm diameter excluding the winding crown and the loop. The case is rolled gold and it is in good condition with just general surface marks from use, nothing too detrimental at all. The acrylic lens is in nice condition. The signed dial has a most attractive gold coloured harlequin dial. The gold coloured textured harlequin dial is in good condition and the shaped hands are a particularly charming feature. The watch comes with a double albert with each chain measuring 21.5cm long including the T-bar and the loop. The watch and chain will be sent in a new presentation box. Free worldwide shipping
