Description

A 1930s Satisfaction pocket watch by Tièche-Gammeter with horse hair albert. The watch has a Swiss 15-jewel stem-winding movement which is working nicely. The movement is signed Satisfaction, a name registered by Tièche-Gammeter in 1909, the company was based in Solothurn in Switzerland. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and it is in good condition with just the odd mark but nothing too serious at all. The engine turned detail on the hinged case back is still nice and crisp. The acrylic lens is in good condition. The white enamel dial has a couple of hairline cracks but they are very faint. Blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes with a Victorian horse hair albert... the longer section measures 37cm long including the T-bar and the clasp. The watch and albert will be sent in a new presentation box. Free worldwide shipping
