Description

A fabulous look for any home, perfect for the traditionalist and simple and elegant for the contemporary interior. Made from stained Mahogany and inlaid with a splendid large fan motif, dating the tray to around 1890/1900, late Victorian or Edwardian in era. The tray stands on four little feet which lifts it off of the table but tucked away so it looks like the tray is almost floating. The fabulous thick, simple and elegant gallery with large cut-put handles either end. There is a silversmith's figural mark to one end but I cannot find reference to this maker, the name is underneath but somewhat rubbed. A fabulous interior piece in excellent condition. An impressive piece spanning 22" x 15"x 5" tall at the ends. Item ID:39772 FREE Worldwide Registered Airmail Directly From London, England
