Item Reference: SA51224

Date of manufacture: 1800

Description

A very fine Georgian press of superb colour and patination constructed of beautifully figured mahogany. This piece has been converted (probably in the late 19th c.) from a shelved linen press to a hanging wardrobe, the top two of three drawers being false; this is no detriment as it makes a much more useful piece of furniture. SIZE in inches: 78 tall, 50 wide, 22.25 deep. PROVENANCE: Norfolk private collection for many years.
