Description

An Edwardian mantel clock in dome topped oak case c.1910. Inlaid paterae to front. French 8 day movement. Please note: All clocks are cleaned and oiled; then they are run for a couple of weeks to check. Further regulating or setting 'to beat' may be necessary once in your home. However we do not dismantle or service further than this, to keep costs reasonable. We cannot therefore guarantee the movement or its time keeping further. Cases are always cleaned and polished where necessary. We will endeavour to help you set and regulate after purchase, and of course will take returns as per our terms and conditions
