Description

A 1918 silver Visible pocket watch with silver albert and shooting fob. The watch has a signed Swiss stem-winding movement, with 17 jewels, which is working nicely. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is silver and there are hallmarks inside the two case backs for London (import mark), 1917 with an importer's mark for William Sparrow. The case is in good condition and the engine turned detail to the back is still nice and crisp. The watch glass is in good condition. The dial is in beautiful condition with blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes with an antique single silver albert which measures 29cm long including the T-bar and the clasp. Also included is a silver and enamel rifle shooting fob. The chain and fob weigh 49.8g. The watch and chain will be sent in a new presentation box. Free worldwide shipping
