Description

This is an exceptional and beautiful example of a ladies wristwatch. It has a platinum case and the most exquisite diamonds which are incredibly white, bright and crisp. The total carat weight is approximately 2cts. The shoulders are articulated and attached to a white gold plated steel strap - elegant and very much in the classic Art Deco design. The dial is in mint condition having been fully restored. The case measures 12mm wide and the total length of the platinum and diamond section is 63mm. The movement is made by ETA who makes movements for companies such as Omega, Breitling and the Rolex Tudor range, they are the largest manufactures in the world. The bracelet can be adjusted to fit most wrist sizes. It comes complete with a presentation box. It is quite stunning, a new glass has been fitted and the case professionally cleaned and polished so it is absolutely pristine. The case is marked platinum and has been fully tested. This watch certainly has that understated elegance which resonates class. Overall this watch is simply stunning and was obviously extremely well cared for, it would certainly make a perfect gift for any lady especially when worn with...
