

SA514057

1921 Waltham gold plated pocket watch

Price

Sold**Item Reference: SA514057****Date of manufacture: 1920**

Description

A 1921 Waltham gold plated pocket watch. The watch has a stem-winding movement, grade 610, which is working nicely. The movement is fully signed and the serial number 24,007,508 dates it back to 1921. The movement is protected by an inner hinged cover. The watch itself measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and was made by the Dennison Watch Case Company, a prolific case maker who supplied many watch manufacturers. The case is in good condition and the engine turned detail to the back is still nice and crisp. There is a vacant cartouche to the centre. The watch glass is in good condition. The signed white enamel dial has a couple of faint hairlines, not too noticeable to the naked eye. Original blued steel hands, a subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box. Free worldwide shipping
