Sold

Item Reference: SA515132

Date of manufacture: 1900

Description

Antique 1901 Waltham Traveler full hunter pocket watch. The watch has a stem-winding movement which is working nicely. The movement is signed American Waltham U.S.A. Traveler and the serial number of 10480272 dates it back to 1901. The movement is protected by an inner hinged cover. The watch itself measures 50.5mm diameter excluding the winding stem and the loop. The case is gold plated and is the Star model made by the Dennison Watch Case Company. The case has light surface marking from use but overall it is in nice condition for a 1900s piece. Inside, there is an acrylic lens which is in good condition. The original glass lenses were often replaced with acrylic as it is much more durable and looks just like glass. The white enamel dial is in nice condition. The watch has its original gold hands and a blued steel subsecond hand. The watch will be sent in a new presentation box. Price includes worldwide postage.
