Description

1930s Herald pocket watch by Revue Thommen. The watch has a stem-winding movement which is working nicely. The movement is signed Herald and it is protected by an inner hinged cover (which has some surface scratches from being opened over the years). The watch itself measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and there are some surface marks and small "dings" to the hinged case back. The acrylic lens is in good condition. The white enamel dial is in beautiful condition with blued steel hands, a subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box. Price includes worldwide postage.
