Description

This antique carved walnut marble top console side table is quite high, so please check the measurements before buying. It is in excellent original condition & so is the marble which just lifts off from the base. The table is solid walnut, beautifully carved all over & it also has some very subtle gilding in various areas around the carvings. I would date this table to around the 1920's period. Please enlarge all the images to appreciate the fine details, especially in the carvings. Width – 55.5 inches, 141 cm Depth – 15.4 inches, 39 cm Height – 38 inches, 97 cm
