Description

A pair of antique pine bedside cupboards that date from 1920, with new marble tops. These particular cupboards work well in damp areas because of their marble tops - in a bathroom or cloak room as well as originally intended in the bedroom. Each has a small drawer, with the original knob, above a single shelf cupboard. The original raised feet are a lovely feature to this pair. Recently stripped ready for painting or waxing. If you would like us to paint them for you, please contact us for a quote - we can paint them to match your existing furniture. Height 30.5", width 14.5", depth 14"
