Description

Lovely quality French louis xv style bureau plat or desk with fantastic brass ormolu mounts to the drawer fronts and running the entire length of the legs. This desk can free stand, or be used as a "partners" desk as it is finished on both sides, although with dummy drawers to one side. The desk has the additional and very useful feature of the two slides at the ends, to give you additional surface space as and when required. The top of the desk and the additional slides is in great condition, gilt tooled and embossed. Well inlaid throughout and with the ormolu mounts really making this a very decorative centre piece for a home office, or a lovely piece in a living room, or perhaps would work well as a dressing table too with a table top mounted mirror...?! Super quality and condition Measuring: 30" / 76cm high 48" / 122cm long (plus additional slides) 26" / 66cm deep I can arrange delivery to most England, Wales and Scotland addresses for £75, but please send me your postcode if you are remote, or coastal as it could be more...otherwise, you are very welcome to view and collect the chairs from me in Uppingham, Rutland.
