Description

A very attractive antique pine triple door wardrobe that is plenty deep enough for large coat hangers. It totally dismantles for delivery so will go through any access. It dates from 1930 and is in excellent condition throughout. The centre door has the original bevelled mirror as its panel and the doors either side have pretty carvings to the panels. Behind the left hand side door are three shelves (a fourth will be made) for folded clothing, and behind the other two doors is the hanging space (a new brass rail will be fitted in the price). There are two drawers at the bottom with the original wooden knobs. Although deep, this is a fairly small triple wardrobe so will fit in a nice size alcove or space within a bedroom. The arched (wavy) top gives this piece an elegant appearance. Recently stripped to the bare wood, it is now ready for waxing or painting. If you would like us to paint it for you, matching your existing bedroom furniture, then please contact us for a quote. Height 84", width 56.5", depth 24.5" internal depth 21"
