Description

A stylish pair of quintessentially Art Deco wall lights made from cast aluminum and originating from the US. These wall lights feature a satin pink depression glass shade ornately styled with geometric flowers. The slip shades are easily installed or removed and mount in slots along the base. The back plates have been re-sprayed. The back of the sconces bear the text "LINCOLN" alongside the number "10560". Currently wired for US, will re-wire to UK before dispatch. **CONDITION** Good. Sconces are in very good condition, having expected typical minor asymmetrical incongruities in the metalwork and negligible losses to the finish. The sockets and switches appear to have been modernized at some point and show no signs of wear..
