## Description

1906 Waltham pocket watch made for Selfridge of London. The watch has a stem-winding movement, Traveler grade, which is working nicely. The movement is signed with the Waltham name and the serial number 15,384,403 dates it back to 1906. The movement is protected by an inner hinged cover. The watch itself measures 50mm diameter excluding the winding crown and the loop. The case is gun metal with gold embellishments. The outer case has been polished. The watch glass has a 4mm scratch towards the edge but otherwise looks good. The signed dial has a hairline crack running through number 4, and a patch of short hairlines between 11 and 12. The watch comes with a single nickel albert which measures 32cm long including the T-bar and the clasp. Free worldwide shipping
