Sold**Item Reference: SA519640****Date of manufacture: 1920**

Description

1921 silver pocket watch from Dimier Frères & Cie, with double albert. The watch has a signed Swiss 16-jewel stem-winding movement which is working nicely. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and loop. The case is silver and there are hallmarks inside the case back for Birmingham 1921, with a maker's mark for the case maker Aaron Dennison who was a prolific manufacturer of cases for various watch makers. The case is in good condition, just a couple of small indentations to the edge of the case back. The plastic lens is in good condition. The dial has chunky Roman numerals, typical of the 1920s period, a subsidiary seconds dial and an outer minute track. The watch comes with a silver double albert, with each chain measuring 21cm long including the T-bar and the clasp. The albert is hallmarked for 1917. The chain weighs 26g. The watch and chain will be sent in a new presentation box. Free worldwide shipping
