Description

A 1915 Waltham Marquis pocket watch and albert. The watch has a stem-winding movement, Marquis grade, which is working nicely. The movement is fully signed and the serial number 20,211,610 dates it back to 1915. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is 10ct gold filled and it is in good condition with just a slight indentation to the back, nothing too serious at all. The case was made by the Dennison Watch Case Company, a prolific manufacturer of cases for various watch companies. The watch glass is in good condition. The signed white enamel dial is in lovely condition. The watch comes with a single chain which measures 27cm long including the clasps. The watch and chain will be sent in a new presentation box.
