## Description

Green Man Gothic Carved Dresser by Edwards and Roberts This is one of the finest carved pieces you will ever find, it was made in the second half of the 19th century by the world famous cabinet makers Edwards and Roberts . The company did not produce a great amount of carved furniture and this seems to be a specially commissioned Marriage piece. The back of the dresser is carved with 2 family crests and a centre vase filled with the fruits of the field this is set of with double finely turned barley twist columns supporting a shelf on the top. The theme of fruitfulness is carried in the door panels, and the carved borders are carved in the Celtic style with a fierce Green Man mask to the centre between the drawers. The Sideboard is in superb condition, the handles are all original, it has been cared for and valued all of its life, it is oak lined with a panelled back so as you can imagine it is very heavy and it has a wonderful patina The Dresser is 45" wide, 18" deep and 53" high SH73 We Give Free Delivery to Mainland England & Wales, Delivery times vary according to your location usually 7 to 28 days We only operate an online store and regrettably viewing in person i...
