Description

A 1940s gents 9 carat gold Art Deco wrist watch. The watch has a Swiss hand-winding movement, with 15 jewels, which is working well. The watch measures 21.7mm wide excluding the winding crown and 39.7mm high including the lugs. The case is 9 carat gold and there are hallmarks inside the hinged case back for London 1947. The case has mild bruising to the back and a small "ding" to the bottom left hand lug but overall it is in nice condition for a 1940s piece. The lens is in nice condition with only minor marking from use. The dial has light surface marking although it is in nice condition for a 1940s piece. The watch has its original blued steel hands. A new black leather strap has been fitted. The watch will be sent in a new presentation box. Price includes worldwide postage.
