Description

This is a very fine example of a gents classic wristwatch made by the world renowned premier Swiss maker Jaeger-LeCoultre. The watch is the calibre K818 17 jewel manual winding movement, as you can see it is in fabulous condition. It has a solid 18ct gold case which is thinner than most watches making this an ideal dress watch. Everything about this watch is original, the dial has not been retouched or restored in any way and in superb condition. The starburst dial is just stunning and gives that extra interest. The only replacement we have done is fitted new glass. The case has been professionally polished so it is in superb condition. It comes complete with a high quality black leather strap. As you would expect the watch is fully marked on the dial, movement and case. It comes with a brand new high quality wooden presentation box. The case is fully hallmarked. Jaeger-LeCoultre are one of the most exclusive watchmakers in the world and this watch certainly has that understated elegance that whispers class. The watch case measures 33mm in diameter not including the crown. Overall this watch is in outstanding condition and highly sought after by Jaeger-LeCou...
