## Description

1940s silver Omega pocket watch with chain. The watch has a 38.5L.T1 stem winding movement which is working nicely. The movement is signed Omega and the serial number 10,821,453 dates it back to the mid 1940s. The movement is protected by an inner hinged cover upon which is an inscription which roughly translates as, 'ARBED, to his loyal collaborator, Mathias Ronk, 1921-1941, Esch-Usines' which suggests a long service award from employers Aciéries Réunies de Burbach-Eich-Dudelange (ARBED), a major Luxembourg-based steel and iron producing company. The watch measures 48mm diameter excluding the stem and loop. The case is 925 (sterling silver) and the Fédération de Fabricants de Boîtes Argent (FFBA) mark for silver watch case manufacturers, tells us that the maker was S Graber SA of Renan, who registered in 1934. The case is in good condition and has Mr Ronk's initials to the hinged back. The acrylic lens is in good condition. The signed dial is in its original finish and it is in good condition with feuille shaped hands, a subsidiary seconds dial and outer minute markers. The watch comes with a single silver albert 24.5cm long including the later T-bar and clasp....
