Description

Nice clean condition Victorian oak three part pedestal desk with good probably original red leather top. The drawer fronts have a fielded / moulded design to them with round brass handles and original locks. The ends of the pedestals are panelled with two panels on either side with solid oak backs. The desk sits on a plinth base with large brass castors to the front and back. The desk is screwed together and is best left screwed together as it is difficult to get to the screws at the back. Apart from the normal expected wear and tear to the corners of the base this desk is in pretty good condition and is a good size, not too small and not too big. SIZE; 48" wide by 24" deep by 31" high CIRCA; 1870 - 1880
