Description

This truly is a delightful and very stylish Art Deco clock of small proportions, please see further pics the battery is to demonstrate size only. Wonderful oval dial in cased in a polished brass case and supported on a chrome plinth. The numerals to the dial can't be mistaken for any other era can they? almost verging on a Salvador Dali. Made by the French clock makers Dep, this clock oozes quality and is a deceptively weighty little piece considering its size. We defy the lucky new owner not to fall instantly in love with this awesome timepiece upon arrival.
