Description

Stunning pair of very comfortable antique Swedish armchairs with generous proportions. I would date them from around the 1890-1910 period & they have just come over from Sweden, been re-polished & fully re-upholstered in a grayish cream fabric. They are fully sprung & the cushions are generously filled with feathers. The frames are satin birch, which seems to have been the favourite wood in Sweden. I can see why, because this wood has beautiful grains & a silky finish. They are also well carved on the tops, down the arms, on & between the feet. These armchairs would be a fabulous addition to any home & they look good from all angles, back & front. Width - 28.7 inches, 73 cm Depth - 31 inches, 79 cm Height - 30.3 inches, 77 cm Seat height - 17.3 inches, 44 cm
