Description

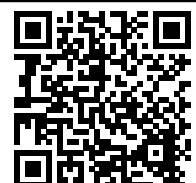

A superb and very stylish Edwardian solid silver Vesta case in a slightly concave shape with a wonderful and unusual textured finish to both the front and back. There is an unengraved circular cartouch in the centre and a loop to one side for attachment to a fob or chataleine. Hinged on one side the lid opens and closes perfectly and makes a nice snap sound when closed. When opened clear hallmarks are visible on the inside lip of the Vesta for the Birmingham Assay Office, with a date mark for 1907 and the Lion Passant indicating sterling silver, along with the silversmith's maker's mark for Deakin & Francis. Partial hallmarks are also visible on the inside of the lid and the interior of the case is a lovely gilt finish. This Vesta feels lovely to hold and is a good heavy gauge silver. Definitely a collector's item due to the wonderful unusual finish to the silver and the lovely collector's antique condition. Finest quality associated with a fine maker - the craftsmanship is evident! Condition: Great antique condition. Hallmarks and maker's marks: Birmingham 1907 by Deakin & Francis Measurements: Height: 4.5 cm approx. Width: 3.8 cm approx. Depth: 1.2 c...
