Description

A very fine example of these ever popular drop-dial wall clocks. The case is constructed from the finest quality mahogany and it retains its original French-polished finish with a lovely warm, rich patina. The 12" white painted dial has black Roman numerals and finely cut hands. A very heavy cast brass bezel and silvered sight ring. The 8 day, chain driven fusee movement that has just been fully overhauled by our BHI registered staff. There are opening doors to both the side and base of the clock. A very commendable quality clock. All cards accepted.
