Description

A stunning pair of large Japanese red enamel and silver foil vases. The vases are of lobed form and decorated with cranes and bamboo, the bases and top rims are edged in brass. There is a minor crack to one vase, this is not easily seen as it blends with the decorative surface pattern of the vase. With the rich ruby red colour and traditional oriental design, this pair of vases would be a dramatic addition to any interior scheme. c.1900 Height: 10" (25.5cm) Width: 5.5" (14cm) Base: 3" (7.5cm)
