Description

A very attractive Arts & Crafts wall clock. Unusually, this clock has an enamelled white dial as opposed to the more common silvered version. It has black Arabic numerals and nicely cut hands within a brass surround. The 8 day movement has just been fully serviced by our BHI registered staff. It strikes on the half-hour and the hour. Importantly, it strikes with 4 hammers on 4 steel rods producing a wonderfully clear, crisp, resonating chime. The beautifully polished oak case has a very rich, warm patina. A lovely clock. All cards accepted.
