Description

A very unusual Japanese bronze lantern, the pierced body is surrounded by a lower gallery and stands on shaped bracket feet. The pagoda top has six elephant head finials and a central dragon finial. The lantern has the facility for candle lighting. The condition is very good, it is suspended by a substantial linked chain. A beautiful and elegant piece. c.1920 Height of lantern: 20" (51cm) Length of chain: 32" (81cm)

Internal Ref: L443
