Description

Victorian mahogany chiffonier sideboard This Victorian mahogany chiffonier sideboard is of a really good size, as it is not too large, but also of great size for lots of storage. Below the moulded top are 2 sweeping waterfall drawers, which give this sideboard a great feel. Under the drawers are a pair of panel doors, that open to reveal a shelf and storage. To the right hand side, under the shelf it is fitted a bottle drawer. The sideboard stands on a plinth base. To each side of the doors it has 3 well carved applied mouldings. We have sold this type of sideboard for many situations around the home. Not only are they great for using in the dining room, but they can be placed in a drawing room or hallway, office or landing.
