Traditional School clock

Price

Sold

Item Reference: SA531265

Date of manufacture: 1930

Dimensions

Height = 39 cm (15.4")

Width = 39 cm (15.4")

Depth = 16 cm (6.3")

Description

Here we have a very traditional wall clock in the classic 12" dial, size. The case is mostly constructed of solid Oak and has the usual side door and lower convex bottom door. The movement is a very solid and substantial 'fusee' which runs for 8 days on a wind. The clock has had its dial restored and looks great for it. Sold with a full 12 month guarantee. Circa 1935

Internal Ref: 1940's Fusee Wall clock
