Description

A gents 1950s Medana wrist watch. The watch has a signed hand-winding movement, calibre 365, which is working nicely. The watch measures 33.4mm diameter excluding the winding crown and the lugs. The case is chrome plated with a stainless steel back. There is a little marking to the case but overall the condition is reasonable for a 1950s watch. The lens is in nice condition. The signed dial is in nice condition with only the odd minor mark. The watch has its original gold hands. A new black leather strap has been fitted. Price includes worldwide postage.
