Description

This is an extremely rare Omega Seamaster automatic chronometer watch. The movement is the Omega calibre 354 automatic chronometer grade movement. It is in the highly desirable heavy weight solid 18ct rose gold case with Swiss hallmarks. The dial has been fully restored so is in mint condition and a new glass has been fitted. The Omega symbol is on the crown, it has a genuine Omega strap and buckle and it is fully marked Omega on the dial, movement and case as you would expect. The watch case is classed as oversized and measures 36mm in diameter not including the crown. It comes complete with both inner and outer boxes. Omega are one of the most exclusive watchmakers in the world and this watch is one of the rarest Seamasters made, it certainly has that understated elegance that whispers class. Overall this watch is in outstanding condition and highly sought after by Omega collectors. The watch has been fully serviced and is guaranteed to be a genuine Omega in all respects. It has been professionally overhauled, the process is highly detailed and meticulous. It is stripped down to its component parts and each part is examined under a microscope for signs of wear...
