Description

An antique 1904 Waltham pocket watch and chain. The watch has a good quality stem-winding movement, grade 620, which is working nicely. The movement is fully signed and the serial number 13,973,450 dates it back to 1904. The movement is protected by an inner hinged cover. The watch itself measures 50mm diameter excluding the winding stem and the loop. The case is 14ct gold plated and was made by the Dennison Watch Case Company, based in England a prolific manufacturer of cases for various watch manufacturers. The case has a couple of "dings" to the back. The lens is in good condition. The white dial is in good condition. The watch comes on an unusual but very handsome part gold plated double albert. The watch and chain will be sent in a new presentation box (not the one shown in the photo). Free worldwide shipping
