Description

An antique 1917 Elgin full hunter pocket watch. The watch has a gilt stem-winding movement, grade 292, which is working nicely. The movement is fully signed and the serial number 19,756,875 dates it back to 1917. The movement is protected by an inner hinged cover which has some surface scratches upon it. The watch itself measures 50mm diameter excluding the winding stem and the loop. The case is gold filled and has engine turned detail to both sides, and a central vacant cartouche to the front. The case is in good condition, just some very gentle unevenness, nothing serious at all. The winding crown pushes in to open the front cover. Inside, the lens is in good condition. The signed dial is in lovely condition and has blued steel hands, a subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box. Free worldwide shipping
