Description

A 1920s Waltham full hunter pocket watch. The watch has a stem-winding movement which is working well. The movement is signed A.W.W.Co. Waltham, Mass U.S.A and the serial number 23907166 dates it back to 1921. The movement is protected by an inner hinged cover. The watch itself measures 50.7mm diameter excluding the winding stem and the loop. The case is gold plated and is the Star model made by the Dennison Watch Case Company, a prolific case manufacturer based in England who made cases for various watch manufacturers. The case is in good condition, just general light surface marks from use and a couple of small "dings" the back cover from the loop. The winding crown pushes in to open the front cover. Inside there is a glass lens which has a tiny nibble to the bottom edge at 11 o'clock but overall it is in nice condition. The signed dial is in good condition. The watch has its original blued steel hands. The watch will be sent in a new presentation box. Price includes worldwide postage.
