Description

Antique 1905 Waltham Traveler full hunter pocket watch. The watch has a stem-winding movement which is working nicely. The movement is signed American Waltham U.S.A. Traveler and the serial number of 14551461 which dates it back to 1905. The movement is protected by an inner hinged cover. The watch itself measures 50.5 mm diameter excluding the winding stem and the loop. The case is 10ct gold filled and is the Moon model made by the Dennison Watch Case Company. The case has light surface marking from use but overall it is in nice condition for a 1900s piece. The winding crown pushes in to open the front cover. Inside there is a glass lens which is in nice condition. The white enamel dial is signed Waltham and has a faint hairline crack between 11 & 12 o'clock although hardly noticeable but overall it is in nice condition for a 1905 piece. The watch has its original blued steel hands. The watch will be sent in a new presentation box. Price includes worldwide postage.
